

Recirculating Domestic Hot Water (Instant hot water at desired taps)

Water Heater Models: (gas) 125B / 125X / 125FX / 125HX / 125BS / 125BL / 38B / 2400E / 250SX / TK2 / TKD20 / TK3 / TM1 / TKJR / TK1S / 1600P / 1600H / 1000P (electric) PowerStar AE115 & AE125 / Stiebel Eltron E20 & E30 (will work with any tankless water heater)

HouseNeeds, Inc.

Avoid long pipe run from the Tankless Water Heater to the Ariston.

Timed operation is suggested. Mini tank remains heated at all times while circulator pump can be programmed with a timer to circulate in early morning hours and evening, when demand is greatest.
